EDGE OF THE WOOD

Climbing has a plastic problem.

Traditional climbing holds are made with polyester resin, which contains additives and toxic chemicals - making it extremely difficult to recycle.

Edge of the Wood uses local, sustainably sourced wood and a water-based finish. All products are made by hand. Every piece of wood is used to its full potential.

**HANDMADE
& EARTH
FRIENDLY**

Edge Climbing Holds:

all holds categorized as one of the following

SIMPLE CRIMP: \$20
(SCREW ON)

BOLT ON CRIMPS: \$30-\$35
(SINGLE AND DOUBLE SIDED)

SMALL SHAPED HOLDS: \$40

MEDIUM SHAPED HOLDS:
\$50

LARGE SHAPED HOLDS: \$60

SPECIALTY HOLDS: \$70+

JIBS \$10

FUNCTIONAL ART / CLIMBING HOLDS.

THE MAJORITY OF OUR WOOD IS RECLAIMED AND LOCALLY SOURCED.

ALL HOLDS ARE CUT & SHAPED BY HAND, WOOD BURNED BY HAND, AND FINISHED WITH A WATER BASED COATING.
